- Other counter-top appliances*

*Prohibited cooking items include: deep fryers/anything that requires or uses submersible cooking oil, charcoal or propane grills. Cooking is strictly prohibited from any bedroom in all residence halls.

SETTING UP YOUR HOME AWAY FROM HOME

We want our Warriors to make their housing assignment their home away from home. Self-Adhesive LED strip lights, posters, tapestries and decorations are very popular with our students, and we want to remind students that any damages left after a student moves out could result in damage billing being applied to the student's account.

Some suggestions we can offer include:

Instead of using self-adhesive LED strip lights, use painter's tape to hang them on the walls.

Instead of hanging/draping tapestries or flags over lights (strictly prohibited), use color changing light bulbs.

Instead of candles or wax warmers, use battery operated candles or plug-in air fresheners.

Painter's tape is the only University approved adhesive to use in residence halls.
